UNSW Ebola Day of Action Program

23 October 2014

UNSW Kensington Campus

The current Ebola outbreak in West Africa is the largest and most devastating in history. In October 2014, the World Health Organization reported that there are now 8376 cases and 4025 deaths from the disease in Guinea, Liberia and Sierra Leone since the first case report in March 2014. The spiralling epidemic in West Africa is a global health catastrophe in which we are all stakeholders. Controlling the epidemic at the source is the highest priority. Join us on the UNSW Ebola Day of Action to get a better understanding of what is happening in West Africa and take the opportunity to make a contribution for Ebola outbreak control!

DONATE TO MSF

[Donate online](#) >

Visit the UNSW Alliance Against Ebola website to donate online. All donations will go to Médecins Sans Frontières – Doctors Without Borders: sphcm.med.unsw.edu.au/research/infectious-diseases/unsw-alliance-against-ebola

The UNSW Alliance against Ebola (UNSWAAE) is an organisation of students and staff of the University of New South Wales established to raise awareness and funds to support the efforts in controlling the Ebola outbreak in Liberia, Guinea and Sierra Leone.
